about us

Emergence News Australia is the newsletter of Share International’s Australian network – a group of volunteers who work with similar groups worldwide.

Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment; sharing of the world’s resources; and adequate and appropriate food, housing, healthcare and education for all people.

We are not affiliated with any religious group; we respect the truth at the heart of—and common to—all spiritual traditions.

While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.

Anyone presently promoting him, or herself as Maitreya or the World Teacher is definitely not the same individual we refer to.

ADELAIDE EXPO

In June we participated in the Body, Mind & Psychic Expo in Adelaide. There were many people attracted to the stall, with its basic non-threatening presentation. Lots of information was handed out and many discussions were had. Pasquo also gave a talk on Miracles of Today...who is behind them, plus the significance of 2012...A Golden Age. Many were interested in the story and wanting to find out more information after the presentation Pasquo gave. A very successful weekend unfolded and we look forward to the next one. An ad was placed in the Messenger newspaper Adelaide advertising Transmission Meditation.

Some comments from visitors to the stand:

“The display is thought-provoking. The whole stand is non-threatening to visitors, e.g. Gives the impression it is interesting and relevant without the ‘risk’ of being spoken to about anything controversial (or religious etc.).”

“I’m so impressed with your stall and how you managed to keep it simple yet beautifully set up. I really like the way you used the lamps for a golden glow, and also the little ‘theatre’ drapes around the lithograph and picture on the wall—it adds style, quality and reverence to the work. You have all the relevant info and books well displayed without any cluttered effect – the whole stall looks warm welcoming and inviting. I also liked the relevant heading for the times—The Awakening of Humanity.”

PUBLIC TALK – ADELAIDE, 9 JUNE 2012

A talk was given on Miracle Experiences and their meaning at Cosmic Pages in Adelaide. It was attended by 19 people, many of whom had their own experiences to share. Lisa gave an account of two stories of her own amazing experiences with Maitreya and the Mother Mary. Lynne and Tilly also described their incredible experiences, and then the Healing Waters were distributed. The Daisy Hill Cross of Light was on display, and at the end Lynne sang a song she created the day before with Maitreyas words of sharing justice and peace. This was very moving and many felt the power of Maitreyas words.

RENMARK MIND, BODY EXPO – JUNE 2012

In June Tony participated in the Mind, Body expo at Renmark. It was a small affair, but he gave a talk titled 'Miracles of Today' showing the Daisy Hill Cross of Light, and gave Benjamin Crème's version of who is behind the miracles, (approx eight attended the talk). He noticed a couple of ladies seemed quite shocked by the amount of information, and had no idea that Maitreya or the Master Jesus are already in the world.

“BEYOND 2012” – A ONE DAY INSPIRATIONAL EVENT

We would like to share with you an event we conducted here in Adelaide on Sunday 27th November 2011. We presented a one-day seminar starting at 9:30am and ending at 4:00pm entitled “Beyond 2012 - A Golden Age. The presentation was based on a PowerPoint format incorporating information on Maitreya’s emergence and the UFO phenomenon with a focus on the positive aspects of life about to unfold in the immediate time ahead. As there is much uncertainty and for many a sense of foreboding about the future, we feel it is imperative to place before people the truth of which we and many others are aware that we are in fact entering a golden new age ushered in by the emergence of Maitreya and the Masters of Wisdom. Whilst we had previously presented the information at single evening sessions, this was the first time we have formatted the presentation into a whole-day seminar. The Adelaide transmission group workers all pooled together to create a very successful day, inviting friends and providing a very special experiential opportunity to share with all those who attended. Our aim was to introduce the emergence story and the information around it to as many new people as possible who might be hearing it for the first time. The group put out posters and we spoke on a local radio station to promote the event. We had about 35 people attend the day with about 15 people of those hearing the information for the first time.

The PowerPoint presentation is a succinct way to present the information and the feedback was very positive with many people commenting on the professionalism of the day’s event and the inspirational nature of the experience overall. A number of people joined Transmission Meditation groups as a result of the event. The presentation was interspersed with short interludes of meditation, refreshment breaks and concluded with a 20-minute Transmission Meditation. Emergence co-workers from interstate joined us for the event and it was very nurturing to spend time together in this way.

If any co-workers would like the PowerPoint to use in their own area or with their own group, please let us know and we would be happy to make it available to you. Alternatively, we are always happy to come and share the presentation with groups who invite us. The one-day event was also recorded on video and the DVD will be available for purchase in due course. If you are interested in securing a copy, please contact Antonio Palena at the contact details given in this newsletter.

We wish you every blessing for your support and participation in the outreach of Maitreya’s mission.

In gratitude and friendship,

Pasquo & Lisa Cassetta

AUSTRALIA DAY CROSS OF LIGHT, MELROSE PARK, ADELAIDE

A Cross of Light was found in a bathroom window at Melrose Park. The lady who owns the property, Helen D, was keen for us to come and photograph the cross. Bill & Bev, Tony and his partner Helen, (not the same as the Helen who owned the property!), and Lynne arrived and began to set up the lighting for the cross to be displayed at it's best quality.

Tony used a 35mm film with a magnum torch light with the face off (so the globe was showing), for a more focused light. This gives much better definition, which really brings out the lines in the cross.

Helen D, the dear lady who had the Cross of Light, played the piano, so Tony's partner, (who is also named Helen), enjoyed singing and playing the old hymns. It was immensely entertaining, while we continued filming taking hundreds of photos of this amazing Cross. Coloured paper was used by cutting a hole in it and then poking the torch through the middle. We found that this improved the picture and at the same time cut out the glare from outside.

Helen D made a comment on the Cross of Light, saying that she was not sure, but felt it could be the Christ's doing, and thought it to be a Blessing. This showed that at least Helen D was open to the possibility, saying that this may be very special. Dear Helen D was just a joy to be with and we look forward to seeing this Elderly wise woman again.

NOTE: Helen D's details are not available publicly, as she does not want media attention and we wish to respect her privacy. You can find video of the Baringhup, Victoria cross of light on our website at shareinternational.org.au/signs/. Images of the Melrose Park cross will be uploaded soon.

VICTORIA MIND BODY SPIRIT EXPOS

On the 1st April we had a stand at the 'Holistic Expo of Life' at Berwick. There was a good reception across all age groups.

The "Signs" Poster attracted attention and many young people showed a great appreciation for the information which we handed out in mini packs.

We were very pleased with the day and will look at doing it again.

Antonio placed an ad in the Leader newspaper in Melbourne prior to Christmas 2011 and again prior to Easter 2012, with an outreach of over 70,000 readers.

In June we had an information booth at the Melbourne Exhibition and convention centre for the Melbourne Mind Spirit Body Expo. Once again this was a successful way of conveying the information to the general public.

WESTERN AUSTRALIA

The WA Transmission Meditation group have been doing extremely well, with a large amount of interest in their meditation group. A big thanks to those who are helping to sustain and grow this group.

Coming Events

Groups are currently running promotional activities and negotiating proposed dates for continued talks and workshops. They are also seeking sites to display posters of back covers from Share International, promoting the concepts of sharing, justice, peace, hunger, the environment etc. i.e. Libraries, galleries and other public spaces.

The Mantram of Unification

Endeavour to use the following formula or mantram every day. It is a modernized and mystically worded version of the one which was used widely in Atlantean days during the period of the ancient conflict of which the present is an effect. For many of you this mantram will be in the nature of a recovery of an old and well-known form of words.

Maitreya's Mission Vol 2.

THE MANTRAM OF UNIFICATION

The sons of men are one and I am one with them.

I seek to love not hate.

I seek to serve and not exact due service.

I seek to heal, not hurt.

Let pain bring due reward of light and love.

**Let the soul control the outer form and life and all events,
and bring to light the love which underlies the happenings of the time.**

Let vision come and insight; let the future stand revealed.

Let inner union demonstrate and outer cleavages be gone.

Let love prevail. Let all men love.

"These words may seem inadequate, but said with power and an understanding of their significance and with the potency of the mind and heart behind them, they can prove unbelievably potent in the life of the one who says them. They will produce also an effect in his environment, and the accumulated effects in the world, as you spread the knowledge of the formula, will be great and effective. It will change attitudes, enlighten the vision and lead the aspirant to fuller service and to a wider co-operation based upon sacrifice. My brothers, you cannot evade the sacrifice in the long run, even if you have evaded it until now."

News Release No 94, March 2012

For almost 40 years artist, author and lecturer Benjamin Creme has been preparing the way for the emergence of Maitreya, the World Teacher, and his group, the Masters of Wisdom. His information has been called the “the greatest story ever told” and has inspired millions around the world.

Since 1982 *Share International* magazine has published monthly articles from a Master of Wisdom in contact with Benjamin Creme. His latest article, printed below, emphasises the importance of this year, 2012, and explains how the Voice of the People, growing stronger daily, will create extraordinary world change.

Youth at the helm

by the Master —, through Benjamin Creme

This year, 2012, is one of great importance. It is essential that the impetus of the Arab Dawn, and its repercussions worldwide, be not lost. The Voice of the People, so vigorous and confident now, must continue to ring out through all the world, affirming Sharing and Justice as the only way to engender trust and a safer world for all. The remedy for men’s ills is so simple, so easy of achievement, yet so difficult for many to grasp. Men must realise that every other method has been tried and has failed, ending inevitably in war.

Today, let all be assured, another major war would be nuclear, and would destroy, utterly, all life on Earth. Today, also, there are forces who are already planning how best to survive such annihilation, all to no avail. What can, and should, humanity do?

Broadly speaking, the governments today are organisations of elderly men who know no other way to work and govern than the ways of their youth, the ways of the past. They have little sense of why their methods no longer work. They know nothing of the new energies and impulses which flood the world today, and are baffled and betrayed by their inability to control events.

To a large extent, today, the People’s Voice is the voice of the young. Governments, and the media under their control, largely ignore or vilify the voices and aspirations of the young; yet it is the young who have the answers, who understand that humanity is One, who call for fairness, for justice and sharing, and an end to war. The voice of such young people can never be silenced, and will not for long be ignored. The Voice of the People, young and old, will drown the whimpers of the men of money and lead humanity to the New Dawn. So will it be.

(Share International, April 2012)

“Presently, there will appear a series of signs which will mystify those who experience them....”

(Share International magazine, March 2012)

The coming transformation

by the Master —, through Benjamin Creme

From the depth of its present problems and sorrows, humanity will find hope. So much that is taking place is positive and auspicious for the race that men can be assured of an early lessening of their problems, not all at once, but gradually, little by little. Gradually, also, men will learn the true reasons for their present anguish. They will come to understand that humanity is One, integral and related by long association and common ancestry, related, too, by its common divinity. No more need man fear and fight his neighbour, no longer need millions starve amidst plenty. Thus can be born a new time, a time when Justice and Sharing control the present chaos and irresponsibility, a time when men respect and care for one another, when the divinity of men becomes manifest and the secrets of life known. Sufficiency will replace abundance as the aim of sane men.

Right relationship

Thus will men come into right relationship with each other and with the Source of all. Under the inspiration and guidance of Maitreya and His group men will blossom in their divinity and make that manifest in all they do. The abominations of war and terror will fast fade from their memory, and a vast creative burgeoning will take their place.

Men will renew and beautify their cities, making them worthy of the new time. These will be greater in number and smaller in size, linked by transport, fast and noiseless. People will educate their children in many different ways, each child linked to the educational system as determined by their rays. In time the interchange between the Masters and the race of men will grow in ever increasing closeness, and children will move happily and logically from stage to stage in growing awareness. In all these measures, in this transformation, each one will play his part.

Signs to come

Presently, there will appear a series of signs which will mystify those who experience them. No one will be able to explain this phenomenon but it will presage a change in the thinking and understanding of men. From that time onwards, a sense of expectancy will grip most nations, which will prepare men for the extraordinary events that are to come. As you know, not all men take seriously the new time which lies ahead for mankind. These happenings will prepare more for this revelation.

WORLD SERVERS MANTRAM

May the Power of the one Life pour through the group of all true servers.

May the Love of the one Soul characterise the lives of all who seek to aid the Great Ones.

May I fulfil my part in the One Work through self-forgetfulness, harmlessness and right speech.

GROWTH OF CONSCIOUSNESS

The following is a compilation of quotes from Benjamin Creme's books on the theme of "Growth of Consciousness".

Never before on a large scale, has the opportunity been present for a gradual shift in consciousness to take place. Already, a large group stands ready to achieve this continuity, lacking only the practical techniques for its achievement.

Soon steps will be taken to make more known and available the information already given on this subject. Much has been imparted which awaits study and application; few, today, realize the treasure-chest of instruction which has been recorded and published.

Mental polarization is the key to this achievement. Correct alignment of the astral and physical bodies provides the basis on which mental polarization can gradually be built. This achieved, continuity of consciousness naturally unfolds. There are of course, degrees of this achievement and the process covers a considerable period of time.

Much has been written about the need for spiritual detachment. This quality most readily provides the field for the correct interpretation of phenomena and information carried over from the sleep state. Otherwise, despite continuous consciousness, much distortion can ensue.

Spiritual detachment results from decentralization. Through service and correct meditation, the orientation of the disciple shifts from his limited self to the not self. This begets a state of divine indifference in which desire subsides, and the true, inner man can appear.

p129-130 "A Master Speaks"

Throughout the world, there is a growing understanding that humanity is undergoing a profound change in consciousness. This reflects itself in many ways, not least in the efforts being made to explore the nature of consciousness itself, to investigate the connection between consciousness, mind and brain, and to study the effect that these three, singly or in unison, may have on matter and the natural world.

The old mechanistic views of nature and of the forces at work within her are fast disappearing and a new awareness is dawning of the unity underlying all manifestation. More and more, the concept that all is energy, that energy and matter are different states of one reality and can be affected by thought, is being accepted on a wide scale and is changing men's view of life. Enlightenment is growing apace and soon the methods and technology will be found to demonstrate this fact. This is of profound significance for the future evolution of the race.

As we enter the new age, a new urgency is being felt to explore the outer and the subjective worlds and to un-

derstand the relation between these two aspects of creation.

Eventually, the common ground of all such investigations will exist in the awareness that consciousness is the attribute of the soul, that the mind and brain are conduits, vehicles for its manifestation, and that there is no break or separation in the connecting links between them.

Until now, the nervous system has been seen as the pathway for signals, electrical in nature, from the brain; brain, the command post, through that intricate system, initiates the actions and reflexes, mental, emotional and physical, by which we recognize and demonstrate our livingness.

To a limited degree, this, of course, is true. The complex computer of the physical brain does indeed co-ordinate and organize the multifarious information and stimuli streaming, moment to moment, through that sensitive apparatus. However, as understanding grows of the nature and source of consciousness, a truer picture will emerge of the status and function of the brain as the focal point for the infinite variety of impulses reaching it from higher principles.

Man's mind is an instrument, a body, more or less sensitive, depending on the person, by which the mental planes can be contacted and known. The plane of mind, the mind-belt, is infinite in extent and serves as the conduit for all mental experience.

When men realize this, they will understand how telepathy is the natural result of this relationship, and a new era of mutual communication and understanding will begin.

The nervous system will be understood as the connecting link between the soul and its vehicles, the means by which the soul, in incarnation, grips and demonstrates itself through its reflection.

In this way, consciousness, the nature of the soul, expands and grows, shedding its light through all the planes, awakening man to his destiny as a Son of God.

p225-226 "A Master Speaks"

Expansion of Consciousness

Evolutionary progress up to now has been to fashion individuality. That has to be achieved before it can be overcome. The potent, self-serving, highly integrated individual has to give way, eventually, to the world server. The essence of Aquarian consciousness is the concept of the group.

(cont'd next page)

(cont'd from previous page)

The energies of Aquarius, streaming to us in ever-mounting potency with every year that passes, will create, inevitably, the conditions for group consciousness. The Aquarian energies cannot be sensed, apprehended and utilized except in group formation. It is not possible to do so on an individual basis.

The key to this change in consciousness is love, and through love, service. As you serve you become more decentralized, until eventually you are totally identified with that which you serve – humanity, then creation itself. Then you have group consciousness, the consciousness which the Master knows.

To the Masters, intuition is really group consciousness, the action of buddhi, Love-Wisdom. It demonstrates itself on the physical plane through the purified astral vehicle as non-separative group consciousness. We do not have this yet, but over the next 2500 years that kind of consciousness will gradually become the norm among the groups in the world.

p179-180 Maitreya's Mission Volume 1

Evolution of Consciousness

What is the idea of perfection?

Perfection, as far as this Earth is concerned, is the state of enlightenment in which there is nothing more you can learn on this planet and are free forever from the pull of matter. Your body has become a body of light.

There are five planetary initiations, each a great expansion of consciousness. These allow deeper and deeper access to the mind of the Logos of the planet. In this way you come to know the mind of God, Plan of God and your part in that Plan. When the fifth initiation is taken you are free to leave the planet; planet Earth is finished for you as a school. There are nine initiations in this solar system but only these five are obligatory on this planet.

When we talk about perfection on this planet, it is always a very relative perfection. Perfection is the result of raising the consciousness to the point that you are no longer subject to the pull of matter. The Masters have consciousness on all planes, from the lowest physical to the highest spiritual. That means They are free from the pull of matter – it does not affect Them. They have nothing which we would call 'emotion', for example. They have not only consciousness but control – a different thing – on all planes. They can appear and disappear at will; They can be anywhere They like by thought alone. They have given total expression to the spark of God, which They are: the Self, as Maitreya calls it. They are totally God-infused individuals – that is perfection.

p315 Maitreya's Mission Volume 2

Awareness and Consciousness

Soul consciousness is impersonal, inclusive and synthetic.

It illumines. Brain consciousness tends to be personal, exclusive and analytical. It separates. Brain consciousness is necessary for organizing physical-plane existence. Soul consciousness reveals the purpose of, and meaning behind, that experience.

There is all the difference in the world between consciousness on a plane and control on that plane. All of us, without exception, on this planet now have full consciousness on the physical plane. The evolution of the physical body of humanity has reached its ultimate, apart from some minor developments, in particular the development of the eye and the achievement of etheric vision. We have incomplete consciousness on the astral plane; for example, most people do not have continuity of consciousness, sleep to waking.....The astral plane is the plane of feeling, but there are seven sub-planes of the astral plane, from the coarsest, the first sub-plane, up to the most refined, where the heart response is at its highest.....all communications stemming from the astral plane tend to be distorted.

Very few people have real consciousness on the mental plane. There are four sub-planes of the mental plane and normally we know only the lowest of these four, the coarsest. That is the plane of mentation, where we think and calculate and order our lives.....But the mental body is, per se, the organ through which the soul manifests itself in the man or woman in incarnation.

If consciousness is limited, control must be even more limited....Control denotes the initiate. ...control the result of the control of the activity of the elementals. You are then in charge of your own body. It does not control you, you control it.

The Growth of Consciousness is what evolution is about. That is evolution. When we talk about evolution, we are really talking about the evolution of consciousness, of conscious awareness. That is what life is, a gradual awakening to higher and wider vistas of Being and Reality. That is life at every level.

The main impediment in our struggle....is karma. Every advance in evolution and therefore every expansion of consciousness, takes place through the resolution of karma. The dynamic of service in relation to karma releases us to evolve....The reason we do not expand our consciousness more quickly is because we are unaware. Consciousness is awareness. We have to be aware, consciously to be conscious.

Control of the vehicles makes possible the awareness which demonstrates as growth in consciousness. The control is, of course, over the devic elementals which make up the various bodies. We have a physical body with its appetites, needs and desires; and a mental body which is out of our control. We must bring all three under control. It takes time.

(cont'd next page)

(cont'd from previous page)

I have found that many people are lazy but also ambitious and impatient. They want it all tomorrow, without doing any of the work....It is the glamour of non-realization of the truly serious nature of life. We don't have to be heavy serious. We can be light-as-a-feather serious but we have to be serious. We have to do it! As Maitreya says: "Nothing happens by itself. Man must act and implement his will."

One of the fastest means of growing in consciousness is through altruistic service. Why? Because it frees us from concentration on the self. What holds us back in growth of consciousness is the fact that all of us without exception are indulging the desire principle. We are all at the centre of the universe, living greedily, selfishly, wanting what we want when we want it.....We do not, of course, recognize that that is what we do.....Service gives us the opportunity to detach from all of that.

p366-374 Maitreya's Mission Volume 2

The Christ Consciousness

It is the evolutionary energy, *per se*, the energy of consciousness itself. This is now being born in mankind on a scale hitherto unknown. It is this which is bringing mankind as a whole towards the gates of Initiation, into Initiate consciousness, which is divine consciousness.

The One we call the Christ, the One who holds the Office of the Christ, the Head of Hierarchy, embodies that energy, anchors it in the world.....He releases it daily into the world and it is transforming humanity, working in men to produce the new spiritual vision.....Through that energy manifesting in their hearts, mankind as a whole can recognize the Christ.....When the Christ calls for sharing and co-operation, when this Individual becomes known as the spokesman for the groups along these lines, mankind will recognize Him through having that energy in itself. He embodies it. They will respond to Him as it manifests through them.

p60-61 "The Reappearance of the Christ and the Masters of Wisdom"

HEALING HAND OF MAITREYA

The photograph on the left shows the handprint of Maitreya Himself, miraculously manifested on a bathroom mirror in Barcelona, Spain. It is not a simple handprint but a three-dimensional image with 'photographic' detail.

First published in *Share International* magazine (October 2001), the 'hand' is a means of invoking the healing energies and help of Maitreya. By placing your hand over the photograph, or simply looking at it, Maitreya's healing and help can be invoked (subject to Karmic Law).

Until Maitreya emerges fully, and we see His face, it is the closest he can come to us.

BOOKS BY BENJAMIN CREME

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

Benjamin Creme's books are available from us — see details on last page.

SHARE INTERNATIONAL MAGAZINE

Benjamin Creme is also the British Chief Editor of Share International, an artist, and an esotericist for many years. Share International Magazine has regular features including expansions of the esoteric teachings, articles by, and interviews with, people at the forefront of progressive world change, news from UN agencies and positive developments in the transformation of our world, Benjamin Creme's answers to a wide variety of topical and esoteric questions, an article from a Master of Wisdom.....a clear voice of the New Time.

Share International shows the synthesis underlying the political, social, economic and spiritual changes now occurring on a global scale, and seeks to stimulate practical action to rebuild our world along more just and compassionate lines.

Share International covers news, events and comments bearing on Maitreya's priorities: an adequate supply of the right food, housing and shelter for all, healthcare and education as universal rights, and the restoration and maintenance of ecological balance in the world.

Service

"When the world's resources are at last shared, and peace and justice are facts of life, many avenues of service and of knowledge will open up before those who are willing and anxious to serve. Meanwhile, the bringing of sanity and justice to the world is the number one priority and there are many open doors for people who truly want to serve."

The Gathering of the Forces of Light, p170.

***Without sharing there can be no justice;
without justice there can be no peace;
without peace, there can be no future.***

TRANSMISSION MEDITATION

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.
