THE NEW CIVILIZATION

The Master—through Benjamin Creme. *SI* August, 1982

At the beginning of this New Age which is dawning it is difficult for many to imagine the kind of civilization and culture which will grace the succeeding centuries. Most attempts to do so remain enmeshed in a materialistic vision; seldom does one see the effort made to embody the aspiration of mankind for a life of spiritual meaning and expression.

Let us try to envisage the future in terms of the new civilization and culture.

Soon, the first steps will be taken in the direction of the new dispensation. Soon, the new signposts will be set, indicating the way ahead for humanity. At first, the changes will be gradual but eventually, in quickening momentum all will be re-fashioned.

Let us consider the nature of the elements which will make up the new civilization. The outstanding attitude of the new time will be the attempt to create right relationships to express goodwill. A massive shift in emphasis from the individual to the group will re-orientate humanity along more fruitful lines, and will reflect itself in the creation of structures more in keeping with the Plan of God. A further characteristic of the future time will be the desire to know better the nature of God and to come into closer relationship with that Divinity. From being peripheral to men's lives, as is the case today, this aim will become paramount in the lives of millions. Accompanying this new approach to God will be a new reverence for all manifestations of life, thus bringing men into better alignment with the subhuman kingdoms. This new sense of responsibility for the lower kingdoms will speed their evolution and so serve the Plan.

Before long, a new approach to science will open the way for a complete re-adjustment in men's attitude to the Reality in which we live. The new science will show humanity that all is One, that each fragmented part of which we are aware is intimately connected with all others, that their relationship is governed by certain laws, mathematically determined, and that within each fragment is the potential of the Whole. This new knowledge will transform men's experience of the world and of each other and confirm for them the truth that God and man are One. Thus, the new science will demonstrate man's divinity and will lead to the establishment of the New World Religion. The ancient schism between religion and science will be healed and a new impulse given to man's spiritual growth.

In this fertile climate, the hidden psychic powers of man will unfold naturally and the vast potential of the human mind will conquer space and time and control the energies of the universe itself. The resources of the human spirit are unlimited. In a crescendo of revelation, the glory of the unseen worlds will be revealed to man's astonished gaze and the full magnitude of the divine creation will be realized.

about us

Emergence News Australia is the newsletter of Share International's Australian network – a group of volunteers who work with similar groups worldwide.

Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment; sharing of the world's resources; and adequate and appropriate food, housing, healthcare and education for all people.

We are not affiliated with any religious group; we respect the truth at the heart of—and common to—all spiritual traditions.

While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.

Anyone presently promoting him, or herself as Maitreya or the World Teacher is definitely not the same individual we refer to.

All this awaits man as he stands on the verge of the Aquarian experience. The waters of life of Aquarius channelled to him by the Christ, will awaken in him his dormant divine consciousness and show him to be the God he is. Under the wise guidance of the Christ and his Brothers, man will attain the full stature of revealed divinity which is his birthright, did he but know it.

Stage by stage, century following century, man will build a civilization which will demonstrate his growing manifestation of divinity; a culture in which the beauty of the divine creation will be expressed in all its aspects, a mirror in which the Divine Idea will be reflected in all its glory.

Thus will man take his true place in the scheme of things under the Divine Plan. Thus, under the inspiration of the Christ, will he transform this world—separated by fear, dogma and hate—into that in which the Law of Love governs, in which all men are brothers, in which all that pertains to the divine nature engages man's attention and controls his life. Thus will man's dreams of divinity be realized, his potential be achieved, his destiny fulfilled.

The new civilization written by the Master-, through Benjamin Creme in 1982 is particularly apt at this time . From Share International magazine May 2014.

UP AND COMING EVENTS

TALKS

A talk will be presented in Ballarat on the 9th August, Melbourne on 10th August, and in Mount Gambier on July 12th. Pasquo & Lisa only recently gave a talk in the small country town of Mildura . Attendance was low, but we feel that the process is important and that all the advertising has an ongoing effect.

We are set to go to The Australian Fair for Freedom of Belief and Religion in Hobart on the 26-27th July . We are looking forward to having a stall and giving public talks at this event, and are excited by the inclusiveness of it's nature.

ADVERTISING

Adverts were placed in the NT News and the Chronicle news paper in Canberra and one in the innerself magazine.

We are looking to do more advertising and if other states can give us feed back on their local media outlets, then we can follow these up. If anyone has any relevant information please email Tony via the contacts at the end of the newsletter.

LOCAL NEWS cont.

In August & November 2013 we presented a talk 'UFOs & ANGELS - A New Age Dawns' in Perth and in Adelaide . Attendance figures were 108 people in Adelaide, and approximately 120 in Perth.

The success of the Perth event was due to the hard work and support of many co-workers, such as Cheryl, Katherine, Pam & Pippa. Their warm welcome was much appreciated. Pasquo, Lisa, and myself, combined to give the talk in both cities. The power point presentation was put together by Pasquo, and we would like to thank him along with Lisa for their many hours of hard work to make this possible.

In Adelaide we added to the programme the spinning statue of Osiris, which was a press release by Share International—a story which made head line news. This seemed to get a positive reaction, and with the other information presented many people left with a renewed sense of hope for the future.

Many thanks to Lynne & Geoff for making Adelaide a success. From these two talks, we gained five good Transmission Meditation members, and the positive effects are still ongoing.

With Gratitude

NOTE: Co-workers would also like to acknowledge the ongoing hard work by Antonio, whose constant efforts in promotion create many new opportunities to present the story.

Service

"When the world's resources are at last shared, and peace and justice are facts of life, many avenues of service and of knowledge will open up before those who are willing and anxious to serve. Meanwhile, the bringing of sanity and justice to the world is the number one priority and there are many open doors for people who truly want to serve."

The Gathering of the Forces of Light, p170.

Gambling gestures

By the Master—through Benjamin Creme, 3 May 2014

Whenever men make a determined step into right relationship, there are always others who make an equally determined step into confrontation. Multitudes work, and even die, for greater freedom and justice; while other forces threaten the peace in cynical attempts to consolidate their diminishing power. Meanwhile, humanity at large watches and trembles, witnessing with fear a renewal of ancient hatred thought to be discarded and overcome.

Common sense

We, your Elder Brothers, too watch carefully this dangerous play, but fear not. Common sense, We know, will force the acceptance of at least a precarious peace, with gains and losses balanced, more or less.

From now on this scenario will be repeated across the world, where the 'great powers' attempt to maintain or to even increase their power, knowing, however, that they must do so carefully without damaging the status quo.

Peace and prosperity

For how long can the nations play this useless game? The only sensible course is to work together for peace and prosperity for all. Only in this way will they ready their peoples for the joy of peace, the prosperity of justice, and the bliss of sharing.

From Share International magazine June 2014

With the collapse of the world economy men will come to realize their oneness. This realization will have a profound effect on their attitude to war. They will see that they are bound together in a struggle for survival, and the words of Maitreya will resound more loudly in their minds. Sharing, justice and freedom will grow in men's minds as powerful symbols of the future, as inherent rights of all, the way to correct relationship.

OUR PLACE IN THE PLAN

Excerpts from Maitreya's Mission Vol. 3

Everywhere in the world, the idea of the Teacher – whether He is called Christ, Buddha, Imam Madhi, Messiah or Krishna – is tainted with this distortion of the nature of the Teacher. Religions have presented the Teacher as an omnipotent God who comes to judge. If God judges, He will find something wrong, and if there is something wrong then inevitably there is punishment. That is a general expectation in the West which will be very difficult to eradicate..... pgs 20-21... MM3

So wrong, so distorted have been the teachings of all the religious groups for centuries that vast numbers live in guilt and fear. Two thousand years of Christian teaching, thousands of years before that of Jewish, Hindu, and Buddhist teaching, has filled humanity with fear, superstition, and guilt. There is hardly a person in the world today who is untouched by this disease. Everyone is prone to fear. Guilt is the result of fear, is inculcated through fear. If you are taught that God is watching your every action, that practically everything you do from the cradle onwards is wrong, fear and guilt are inevitable.....This imposition of ideologies and beliefs creates, at the same time, punishment expectations which go with those beliefs. In this way all the religious groups throughout the centuries have controlled the minds of their followers.....pg 29 MM3

The establishment of true peace needs the ending of all tyranny: political, economic, religious, and social. That, gradually, will happen, and free us from guilt and fear.....Human beings will wake up gradually to the idea presented by Maitreya and the Masters, and those through whom They work, that humanity is really sound, that we are spiritual Beings, that there is nothing wrong with us. There is no need to be guilt-ridden or fear-ridden.....pg 30 MM3

He (Maitreya), will establish the fact of the spiritual basis of life. At the core of every individual, every aspect of creation, is a spiritual dimension, a spiritual purpose, which is acting out through each aspect of which we can become conscious. Obviously, we are only touching creation in a very fragmented way, but if we see it as the outer

expression of some great spiritual purpose which can bring it into being (and take it out of being), which can enlarge, expand it, and which can relate one aspect to another and so create nations, solar systems, galaxies, then God must be extraordinarily powerful.....pgs 21-22 MM3

As we expand our consciousness, we can more and more know what it is that we call God. When we know what it is, can intuit it, feel it, not just as an idea, but the actual experience of it, we can gain control over these energies and therefore relate more and more to that nature. The Masters are God-realized – Sons of God. When you become a Master, you have expanded your consciousness to include what we call the spiritual levels.....pg 23 MM3

The laws of life are few but very powerful. No one pays them much attention. That is why we have our problems. The major law of life is the Law of Cause and Effect; it dominates all life on this planet.....Every thought, every action that we have, sows seeds. They create causes. The effects stemming from the causes make our lives. We are all doing it all the time, making our own lives and the life of humanity. We are all responsible for what happens in the world, for what happens in and through the human race, because we are all part of that race. We all create thoughtforms. These thoughtforms are real. Every time we have a destructive thought, we are destroying a bit of our system. *The well-being of the planet depends on the well-being of our thoughts.....pg 31 MM3*

We have to see the utter necessity for harmlessness.When you get a combination of right acting, right thinking, and goodwill, you have the kind of free, tolerant, harmless society to which we should be aiming.....Honesty of mind, sincerity of spirit and detachment...these are the three ways that will lead to the correct expression of the laws of life and love.....detachment releases us from the fear, the guilt, the twisted, greedy expressions, and also the cover of these, the smiling hypocrisy of the world.....pg 33 MM3

Love is a powerful, active, magnetic force which draws together all the fragmented building bricks of cosmos and holds them together, without which it would all fall asunder. Our solar system, the galaxies, would disappear without that magnetic, attracting force which we call love...cont. overleaf

.....Love is an active force which transforms. Love which does not act is hardly love at all. Love in action is the essence of love. It is an ability to love the world and all that is in it which is the capacity of Maitreya. The deepest desire of the heart of the One who can do that is to unify all.....this world is now so complex, so divided, so riddled with both good and bad, positive and negative, that all of these forces have to be reconciled. This is his aim, this longing in the heart of the Christ for unity, for using His powers, His insights, to establish His nature, which is love, in the world. In this way He teaches us how to love and, as the Master says, "love again." To love again is not to love in a normal, reactive sense, but to love totally, unconditionally, in the way that the Masters do. This will establish the brotherhood of man. But it takes more than that. We have to look at the different stages of the establishment of brotherhood in the world. First of all, there has to be peace. Without peace, there is no world. The first priority for Maitreya is the establishment of true peace in the world: the abandonment by humanity of war and the competition that leads to war. This can only be achieved by fulfilling the needs of all the people.....The first requirement for establishing peace is the sharing of the world's resources. The inauguration of the system of sharing is probably the easiest of all to accomplish. It is difficult to teach men to love. It is difficult to establish the brotherhood of humanity. But it is easy to share the resources of the world, it is a question of distribution, nothing else. The resources are there; the science and technology are there. No one need go without. Humanity has to accept a degree of oneness that will make it a normal and self-evident truth that the only way to peace is to share the resources of the world..... pg 27 MM3

GLIMPSES OF THE FUTURE

...excerpts from Share International Magazine, February 2000

Age of Aquarius

When man creates around himself the forms and structures based on unity and brotherhood....he will stand on the threshold of an entirely new experience of reality from which will flow a steady

stream of creativity unlike aught seen before in this world. (Benjamin Creme's Master, Jan. 1982)

Cities

A time is coming. My Friends, when you will see around you cities of beauty, glowing creations of Love, and all the manifestation of Man's dreams of himself as God. (Maitreya. Jan. 1979)

Day of Declaration

People will enter churches, temples and mosques, and church bells will ring. It will be a day of rejoicing. (Maitreya. Sept. 1988)

Death

The time is coming in which the experience we call death, the intervening period, and the return to outer manifestation will be re-called in full consciousness by man. Then will man lose the fear of death. (Benjamin Creme's Master. Nov. 1987)

Drugs

Drug taking will begin to decrease. Politicians will be surprised: spiritual workers will be thrilled. People everywhere will begin to experience a sense of inner happiness. (Maitreya. Nov. 1989)

Education

When the ray-structure, evolutionary development and purposes of the soul are known and documented, a more scientific approach can be made to the education of both children and adults. (Benjamin Creme's Master. Jan. 1988)

Family

In the future, known karmic and ray-relationship and soul-purpose will play a much greater part in the selection of mates and in providing a field for the incoming of souls. (Benjamin Creme. Nov. 1989).

Government

Ordinary people, intellectuals, educationalists, and others from a variety of walks of life will find they have a genuine voice in government. This will replace control of the masses through ideology. *Evolution means evolution towards freedom.* (Maitreya. Sept. 1988)

(Sweeping changes) herald an era in which a new balance will be struck between the need of individuals for freedom and self-expression, and that of society for discipline and order. (Benjamin Creme's Master, Oct. 1989)

.....cont. overleaf

Health

Drugs and surgery will no longer be needed as doctors are trained in the use of the Technology (of Light) in healing. Eventually the need for so many hospitals will diminish, as people can undergo treatment within hours for even the most serious conditions. (Maitreya. July 89)

The etheric planes of matter await man's exploration and study. The treatment of disease will take on a new dimension when the function of the force-centres (chakras) as receivers and dispensers of energy is understood and when their connection with the major glands of the endocrine system is known. (Benjamin Creme's Master. Nov. 1982)

Ideology

The process of inculcation, of imposition, by forcing ideologies into the minds of people, is beginning to dissolve round the world, both in religious and in political fields. (Maitreya. Dec. 1988)

Jesus

The Master Jesus will play an important part. His is the task to reconstruct the Christian groups along more fruitful lines and to prepare them for their role as centres of teaching and healing. In this He will work closely with the Christ. (Benjamin Creme's Master. June 1985)

Kingdoms

In the animal kingdom, through man's energetic stimulus, profound changes will take place. Under the impact of man's mind, a new co-operation between the kingdoms will become possible. (Benjamin Creme's Master. Oct. 1987)

Leisure

Leisure, available for the first time to millions, will provide the opportunity for a close involvement in community and national life and organization. (Benjamin Creme's Master. Jan 1983)

Light technology

We are now entering the age of light. The Hierarchy are training scientists through experiences of phenomenal powers by demonstrating the use of the science of light to achieve transfiguration, transportation and communication. (Maitreya. Apr. 1989)

Maitreya

His teaching will be released in phases over the next 2,350 years or so. In the first place He will lay the emphasis on the oneness of humanity, on

the human soul, and on sharing and right relationships. He will teach, again, the Law of Cause and Effect, the Law of Rebirth, and the need for harmlessness. (Benjamin Creme. Oct 1984)

Nations

Each nation will contribute its special gifts to a new world harmony. Thus will 'The Desire of all Nations' be established in our midst. (Benjamin Creme's Master. May 1987)

Peace

The effect of the ('Spirit of Peace's) energy of Equilibrium is to transform the existing turbulence. We shall, therefore, under the influence of this energy enter an era of peace and co-operation, mental and emotional balance and poise – in exact proportion to the prevalent discord and strife. (Benjamin Creme. May 1989)

Reincarnation

A true realization of the implications of reincarnation will transform the whole Western approach to reality. The idea that there is purpose and plan; above all that the great Law of Cause and Effect governs our existence, must change our viewpoint. The need for right human relationships, for harmlessness, will become abundantly clear. (Benjamin Creme. Sept. 1985)

Sharing

When the world's goods are shared more equitably, half of man's problems will vanish overnight. (Benjamin Creme's Master. Oct. 1985)

There is a group of high initiates, who are themselves economists, industrialists and financiers of tremendous reputation and achievement, who have developed, with the help of the Hierarchy, a series of alternative plans, which will solve the redistribution problems which are at the heart of the economic problem. . These plans can be implemented immediately as soon as humanity accepts the principle of sharing. (Benjamin Creme. Feb 1982)

Telepathy

Man's mind is an instrument by which the mental planes can be contacted. When men realize this, they will understand how telepathy is the natural result of this relationship, and a new era of mutual communication and understanding will begin. (Benjamin Creme's Master. Sept 1992)

.....cont. overleaf

Time

When humanity is One, in fact and in truth, Time will disappear. When man approaches life from the inner, creative standpoint, Time will lose its hold over our minds and thus free us from its tyranny. (Benjamin Creme's Master. Jan 1982)

Transportation

International travel on a massive scale will reduce the isolation and prejudice which narrows the vision and keeps in ignorance so many millions today. (Benjamin Creme's Master. Jan 1994)

United Nations

The United Nations will become the most powerful political force in the world. It will be the

agency through which all major international problems will be resolved. (Maitreya. Sept. 1989)

Waters of Life

The Waters of Life created by Maitreya all over the planet (eventually 777) –sources of practically inexhaustible water charged by the energy of Aquarius – will vastly increase the health of humanity. (Benjamin Creme. Nov. 1996)

Weather

Changes in weather patterns are already occurring and will continue as a result of the earth's warming. The earth will be full of food, and no one will be able to understand the process fully. (Maitreya. Sept. 1988)

Messages from Maitreya

Between September 1977 and June 1982, British author and lecturer Benjamin Creme received a series of [140 Messages from Maitreya](#), the World Teacher.

These Messages were given during Creme's public lectures in London via a process of mental overshadowing or spiritual telepathy, which is not related to mediumship or channelling.

Through these communications, Maitreya suggests the lines that social change must take, and evokes the desire to share and **serve** humanity. He also gives hints on how to recognize him and urges people to make known the fact of his presence. Following are some extracts from a few of Maitreya's messages.

Message No. 92, December 19, 1979

My dear friends and disciples, I am happy indeed to be with you once again in this fashion.
My need for disciples who realize the dangers of the time is great.
I need, also those who sense my Presence to make known this Promise to their brothers.
All who share the hope that mankind should live in peace together work for Me.
Peace, Sharing and Justice are central to My Teaching.
Wherever the light of these Truths shines I turn My eye, and through the channel of that Light do I send My Love.
Thus do I work.
Thus through you do I change the world.

My friends, I need you in other ways:
I need your capacity for joy, to awaken this divine aspect in the hearts of all men, to show them that ahead of mankind stretches the luminous path of Truth, the direct Path to the Source.
Manifested Love and Joy will take you quickest there.

My friends, My brothers and sisters, I need you too to act for Me, to state aloud My intentions, My requirements as the Representative of God:
To show men that the world is One;
That men are brothers;
That the Law of Love and justice must be implemented if mankind would survive.
Tell your brothers this, My friends, and prepare them for Me.

Awaken in their hearts the readiness to share, and light their lamp.
Create an atmosphere of love and joy and pave smooth My way.
Manifest the Love which I send you, demonstrate the Gods which you are, and usher in a new and better time.
Do this for Me, My friends and brothers, and rejoice soon in My Appearance among you.

My Emergence proceeds.
My Plans unfold.
My message at this time of joyous celebration is this:
Awaken anew the Love in the hearts of your brothers and teach them to share.

My Plan is that you shall see Me soon.
When you do, you will see your Friend and Brother of Old, the Advocate of Love, the Administrator of Will, the Creator through you of the New and Blessed Time.

May the Divine Light and Love and Power of the One Most Holy God be now manifest within your hearts and minds.
May this manifestation lead you to realize your true usefulness to Me and to the Plan.

BOOKS BY BENJAMIN CREME

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

Benjamin Creme's books are available from us — see details on last page.

SHARE INTERNATIONAL MAGAZINE

Benjamin Creme is also the British Chief Editor of Share International, an artist, and an esotericist for many years. Share International Magazine has regular features including expansions of the esoteric teachings, articles by, and interviews with, people at the forefront of progressive world change, news from UN agencies and positive developments in the transformation of our world, Benjamin Creme's answers to a wide variety of topical and esoteric questions, an article from a Master of Wisdom.....a clear voice of the New Time.

Share International shows the synthesis underlying the political, social, economic and spiritual changes now occurring on a global scale, and seeks to stimulate practical action to rebuild our world along more just and compassionate lines.

Share International covers news, events and comments bearing on Maitreya's priorities: an adequate supply of the right food, housing and shelter for all, healthcare and education as universal rights, and the restoration and maintenance of ecological balance in the world.

Excerpt from "Our Essential Oneness—a compilation....Share International magazine June 2014

The Goal for humanity in this coming age is the creation of group consciousness, the sense of being integral parts of a Whole. The new energies entering this planet from the constellation Aquarius work in this direction; their intrinsic quality is synthesis and universality.

We are about to witness profound changes in all our institutions and structures—political and economic, religious and social, scientific, educational and cultural. These changes will take place as humanity grasps, stage by stage, it's essential Oneness, and adopts the measures necessary to implement that Oneness. (Benjamin Creme, Maitreya's Mission Vol One)

My Mission is to evoke the principle of Love in all men, and for those who are ready, to show a Higher Truth. The means are simple: through Justice and Freedom for all, that Love can be expressed. Through the manifestation of man's Brotherhood, the Source of All can be known. May it be that you will quickly see this, understand the purpose of life and show the way for your brothers. Thus can you take part in the transformation of your world. (Maitreya, from Message No. 41)

"If we would evolve, develop as a race, we must realize our Oneness, realize that we are brothers and sisters of one family" (Benjamin Creme)

TRANSMISSION MEDITATION

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.
