WELCOME TO 2016!

Greetings to everyone! We send our thanks to all our readers and helpers, and trust that love and hope are strong in your hearts at this divisive time in our history. All around us we see the divisions of love and peace or hatred and fear. This is but the sword of cleavage to force mankind to choose one or the other...to choose the road to create a new civilization. It seems timely then to quote the words of Benjamin Creme's Master.

"Soon, very soon now, men will realize the power that lies unused in their hands. They will see that they have the ability to change the quality of their lives. They are beginning to understand that freedom, justice and right relationship, one to another, are essential for man's living. Many are calling for the structures which will ensure the creation of this blessed state. This makes clear to Maitreya that the world is ready for the new dispensation. Men should, therefore, use the limited time available to make known His presence and so prepare His way.

MIND, BODY AND SOUL FESTIVAL

On may 29th Antonio conducted a lecture in Sydney titled "UFO;s and Angels...A New Age Dawns". Approximately 45 people attended the talk, with interest in the story, books and information being presented. Antonio also held a stall at the Mind, body and soul festival. There were a number of people interested in the information presented.

About us

Share International Australia is a network of volunteers who will work with similar groups worldwide.

Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment sharing of the world's resources and adequate and appropriate food, housing, healthcare and education for all people.

We are not affiliated with any religious group. We respect the truth at the heart of—and common to—all spiritual traditions.

While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.

Anyone presently promoting him—or herself—as Maitreya or the World Teacher is definitely not the same individual we refer to.

Transmission Meditation

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.

SPRING FESTIVALS

It is once again that time of the year to prepare for the enormous energies released at the time of the three major spring Full Moon Festivals.

PLEASE NOTE: On the suggestion of Benjamin Creme's Master the third festival, "Festival of the Christ", will be celebrated in June - thus, skipping the month of May.

Many Transmission Meditation groups will celebrate the three Spring Festivals by holding 12-hour and 24-hour Transmission Meditations. At the time of the Spring Full Moons the spiritual energies are at their most powerful, due to the sun-moon-earth alignment and the potency of these ancient festivals, which provide a unique opportunity for spiritual service.

"The Three Spring Festivals provide a unique opportunity for groups around the world to establish together a potent rhythm. Throughout 24 hours, Hierarchy can link all working groups together into the global network of light which They are constantly creating and potentizing. There is also a powerful psychological factor involved, namely the added stimulus to aspiration and service which the celebration of these Festivals promotes." (Benjamin Creme, "Maitreya's Mission", Vol. III)

SPRING FESTIVALS continued.....

Easter Festival (Aries)

Friday, March 25 - Saturday, March 26, 2016

The first festival of spring marks a process of rebirth and revitalization. It is celebrated at the full moon in Aries, after the vernal equinox, and usually occurs in April. In the Christian tradition, it is called Easter, the festival of resurrection. It celebrates the risen Christ, but resurrection implies more than the one-time arising from the grave of the physical body. In each minute of each hour, we have the possibility to be born anew, to let go of the past and move on. When old patterns of thought and emotion are discarded, when old habits and beliefs are outgrown and set aside, we are free to meet every new situation unconditionally. Higher energies rush in to fill the place of expectancy that we have created, and the inner light expands. We open to life more abundant and are made new.

The Wesak Festival (Taurus)

Friday, April 22 - Saturday, April 23, 2016

The festival of Wesak occurs at the time of the full moon in Taurus, usually in May. In the East, it commemorates the enlightenment of the Buddha and is widely celebrated. Wesak marks the high-point in the spiritual year, for it is said that at this time each year, the Buddha returns to the physical plane for a brief moment, bringing an inflow of life and spiritual stimulation to vitalize all of humanity. Thousands of pilgrims gather every year in a remote valley in the Himalayas to re-enact an ancient sacred ceremony based on the legend of Wesak, which has to do with the sharing of the waters of life.

Festival of the Christ/The Festival of Goodwill (Gemini)

Friday, June 17 - Saturday, June 18, 2016

This will be the Festival of the spirit of humanity aspiring towards God, seeking conformity with the will of God and dedicated to the expression of right human relations. This will be fixed annually in relation to the Full Moon of June. It will be a day whereon the spiritual and divine nature of mankind will be recognised. On this Festival for two thousand years the Christ has represented humanity and has stood before the Hierarchy and in the sight of Shamballa as the God-Man, the Leader of His people, and "the Eldest in a great family of brothers" (Romans VIII: 29). Each year at that time He has preached the last sermon of the Buddha, before the assembled Hierarchy. This will, therefore, be a festival of deep invocation and appeal, of a basic aspiration towards fellowship, of human and spiritual unity, and will represent the effect in the human consciousness of the work of the Buddha and of the Christ. Books by Benjamin Creme

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

THE BLUEPRINT OF THE FUTURE & THE CHANCE TO SERVE

The future holds for men such wonders that few today could comprehend them.

Imagine then a future where no man lacks for aught. Where the talents and creativity of all men demonstrate their divine origin. Where war has no place in their thoughts and where goodwill casts its benevolent net over the hearts and minds of all.

Imagine cities of light lit by Light itself; nowhere to be found the squalor and deprivation of today; imagine transport, fast and silent, powered by light alone, the far-off worlds and even the stars brought within our reach. Such a future awaits the men and women who have the courage to share.

Such a future awaits those brave ones who love Freedom.

Such a glorious future awaits those who long to understand the meaning and purpose of life.

This being so, those whose task it is to prepare His (Maitreya's) way have but little time in which to do so.

Make that then your first priority leaving all else aside.

PG 359 A MASTER SPEAKS

Essentially, all men are One. The time is soon coming when men will realize this to be the case. When that day dawns, great indeed will be the joy which all men know.....

Step by step, men will set in motion the requirements of the future. These must respect the destiny and free will of all. The right to the essentials of life: food, shelter, healthcare and education, must condition the direction of all governments' actions. The safeguarding of the environment - with all that that entails - must become a sacred duty which will allow men in time, to nurse this planet back to health.....

Maitreya will take humanity in hand and gently guide its ship into safer waters, far from the treacherous rocks on which men seem bent to founder.....

He will ease the entry into the new Age and save men much suffering and heartache....Seize this opportunity to be of service...to their brothers and sisters who now not yet know that He is among us. **Tell them what you be-**

lieve...very little time remains to do this and prepare them for this precious experience. Seize the time and act.

PGS369-370 A MASTER SPEAKS

To help men choose, to aid their judgement, the Masters are, once again, returning to a world in which They, too, struggled and suffered as do men today, uncertain of the path and the needed action. From Their vast knowledge and experience They will offer Their advice, and guide men safely back from the abyss. Thus will it be, and thus will men begin again the upward climb to the mountain top, sure in the knowledge that their Mentors, their Elder Brothers, will not desert nor mislead them.

PG 441 A MASTER SPEAKS

The Masters are individual men who have risen above the herd and fought their way through the fogs of unknowing into a measure of Light. They are the bright stars who have kept faith with their soul's knowledge and purpose and so act as a beacon for the rest. Through these exceptional men and women, the truth of man's eternal journey in ever increasing awareness has been kept alive and fostered in the darkest days. Now as we enter the Aquarian Dispensation, a new chapter opens for mankind, and a new beginning is vouchsafed the race of men....

At last the Elder Brothers may step forward into the light and show Themselves to men....at last may they teach openly and guide. The Brothers will show men the wisdom and knowledge which one day will be theirs, and so quicken the aspiration of men.

Thus will mankind rise again, nearer to the high point of the distant past from which it has descended. Naught there is that can prevent that rise but the will of men itself.

Newsletter - April 2016 issue

Have no fear of the future for it will be, if man so wills, greater and more beautiful than can be imagined, greater by far than man's highest dreams. The uncertainty and anguish, the pain of loss and change, are but the birth-pangs of a new and better world struggling to be born.

This new world, this new civilization, will reflect, more and more, man's essential divinity. Qualities and powers which hitherto have been ascribed exclusively to God will, in true measure, be manifested daily by man. The miracles of today, properly understood, will be seen as normal and consistent with the laws of nature, answering to the control of the enlightened mind and will.

Thus will it be and thus will man grow in knowledge and confidence that he is truly on the spiritual path once more, that behind him now lie the mistakes of the present time.

PG 391 A MASTER SPEAKS

Now as never before, is the opportunity to serve a world in labour, a new world waiting to be born.

PG 403 A MASTER SPEAKS

The Light of Cosmos shines on man as never before, inspiring him to simplify his life and so regain the connection with the Source which, sadly, he has lost.

PG 423 A MASTER SPEAKS

The forces of light are in the ascendant and steadily inculcate a new and high rhythm and purpose in men's lives. This being so, naught can disturb the plan for the rehabilitation of the world. The outer signs of turmoil and violence, of hatred and fear, are but the death-throes of a dying civilization under the impact of the new. When the smoke of battle has cleared, humanity will find itself entering into a dispensation unlike aught known before, into, as Maitreya has said, "a simpler life where no man lacks, where no two days are alike, where the Joy of Brotherhood manifests through all men".

To create such a life, much effort will be needed. All must be forged by man himself under the guidance of the Great Ones. All that obstructs the creation of the new civilization must be relinquished, and the stage reset for the construction of more adequate forms. Herein lies the opportunity for humanity to show its true creative genius and capacity for renewal. Man is a potential God and soon that divinity will find expression in the spiritual transformation of the world.

PG 75 A MASTER SPEAKS

Many are the ways to God but the quickest and the surest is the path of Service. No other path so fully embodies the nature of God. Take your place on this path and carry out the dictates of your soul. Follow the promptings of your heart and awaken to the needs of the world. Know that as you enter on the path of Service you accept your place within the Plan, and find yourself well set upon the path to God

Ready then will be the response from Us, your Elder Brothers. Quickly shall We seize the opportunity to help you on your way through stimulus and proffered fields of service. Thus can you join Us and aid Us in Our work. Make this your aim and join the ranks of the Servers of the world. Take your place at Our side and work with the Forces of Light. Victory is assured but must be fought for and won.

Be not afraid in the midst of the chaos and tension. Fear has no place in the present situation; rather, see it as a challenge to your faith

PG 46 A MASTER SPEAKS

We are here to serve the Plan of Evolution in so far as we have been presented with an aspect of that Plan - not only an aspect but one of the *major* aspects of that Plan: preparation for the externalization of the Spiritual Hierarchy on to the outer plane. That is momentous. We are living in momentous times; I cannot say it strongly enough. This is a time unlike any there has ever been before. I doubt if this particular opportunity for service has ever been presented to a group before. Many times in His Messages **Maitreya has said: "This is an opportunity for service unlike aught seen before."** If He says it, you can be sure it is a reality. **Never have so many people had this opportunity for service, this opportunity - at their level - to do something of major importance.**

That is why groups like this should recognize the opportunity, and the privilege given by it, to do their very best to live up to the opportunity presented and not waste it in competition or greed, or simple self-awareness and self-contemplation - which everyone has moments of but which, with dedication to the work, should be very rarely seen. It is important to reach a balance between the inner and the outer.

PGS 53-54 THE ART OF CO-OPERATION

Share International Australia

Newsletter - April 2016 issue

Serve and grow, serve and grow. That is the key to progress on the path.

A MASTER SPEAKS PG 12

When will you add your weight to the wheel, My friends, My brothers and sisters?

Each one counts, however small and frail.

Spread abroad the fact that I am here, and bring to your work the force of My Love.

Let me work through you and by you in creating the pool of Hope which will uplift and sustain this world.

Together let us work, My friends.

EXCERPT FROM MESSAGE NO 122

Take My hand, My friends, and let Me lead you over the river.

Let me guide you over the narrow bridge.

Let me show you the beauty which rests on the other side.

That beauty, My friends, is your true Self.

Help Me, My friends, to help you, and together let us transform this world.

EXCERPT FROM MESSAGE NO 130

**Each man is a lighthouse and sheds abroad his light for his brother. Make bright your lamp and let it shine forth and show the way. All are needed, every one. No one is too small or young to take part in this Great Plan for the rescue and the rehabilitation of our world. Resolve to do this and be assured that My help will not be withheld.
(Maitreya, from Message No. 13)**

Service

"When the world's resources are at last shared, and peace and justice are facts of life, many avenues of service and of knowledge will open up before those who are willing and anxious to serve. Meanwhile, the bringing of sanity and justice to the world is the number one priority and there are many open doors for people who truly want to serve." The Gathering of the Forces of Light, p170.

WELCOME TO THE NEW TIME

By the Master—through Benjamin Creme 14 January 2016

Welcome, welcome to the New Time, the New Age of Oneness. Many today are frightened by the onset of the New Age, but let them look carefully at what is happening and they will see the coming together of some of the most gifted exponents of change.

Currently there is in the world's group of wise individuals showing humanity the new situation. Among others, Pope Francis is a unique expression of the people's ideal, and close to his people. The Dalai Lama, too, is playing a powerful role on behalf of the people he represents.

Never before has such a group of gifted representatives been gathered together at one time to show humanity that all is well, and that men everywhere have little time to wait to see the fulfilment of their dreams. They bless each day that passes and brings their love close to the hearts of men everywhere.

Love them too in return and embrace them in the name of the Coming One. Turn your fears into loving expectation and await the new time in the bliss which is yours by right. It is not long, not long until you see the wonder of His face, until you know the joy of His presence and His love for all. Then you will know why you are in incarnation at this special time.

God bless you and forever banish your fears.
