WELCOME TO 2017!

We welcome our readers to this new year—a year of huge potential for change. The divisions between those who chose hate or love, greed or sharing, competition or co-operation, war or peace grow ever wider. When all around can seem hopeless, remember there are many who are on the side of divinity and equal human rights for all. Now is the time for all those on this side to shine their light brighter than ever before—to be strong and courageous—to speak up and act! Each and every one of us can do something in some smaller or larger way to make a difference and together we build an army of light workers. Add your voice and hands to this most precious work and let's create this new world together.

“Calling upon all men to accept the need for change, Maitreya will quicken the aspiration and focus the will of men everywhere to see justice done. Thus will He unite all those who seek the establishment of better forms through which the divinity of man can be expressed; and from that multitude will rise a cry unlike aught heard before on this Earth, a cry for justice and truth, freedom and peace. Then will the leaders respond and, in growing momentum this world will be transformed. Thus will it be; thus will Maitreya lay the foundations of the new civilization based on sharing and love.”...Benjamin Creme's Master, from "The Future beckons"

About us

Share International Australia is a network of volunteers who will work with similar groups worldwide.

Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment sharing of the world's resources and adequate and appropriate food, housing, healthcare and education for all people.

We are not affiliated with any religious group. We respect the truth at the heart of—and common to—all spiritual traditions.

While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.

Anyone presently promoting him—or herself—as Maitreya or the World Teacher is definitely not the same individual we refer to.

A TRIBUTE TO BENJAMIN CREME: A MESSENGER OF HOPE

Share International regrets to announce that Benjamin Creme, British artist, author, lecturer and long time student of esoteric philosophy has passed away peacefully on 24 October 2016 at his home in London.

Through his work as the Chief Editor of Share International magazine, as author of many books, international speaker and renowned artist, Benjamin Creme has been an inspiration throughout the world in presenting information about the emergence of Maitreya the World Teacher (awaited by people of every religion under his various names — the Christ, Messiah, Imam Mahdi, Krishna, and Maitreya Buddha)and the Masters of Wisdom - (a group of perfected individuals who are the custodians of the Divine Plan for this planet). Working from a background of the Ageless Wisdom Teachings given to the world by Helena Blavatsky, co-founder of the Theosophical Society, and the Alice Bailey esoteric teachings, he has expanded and brought up to date this ancient knowledge.

Working through a direct telepathic rapport with one of the Masters of Wisdom, Benjamin Creme, dedicated the last 40 years of his life to this work, and in doing so inspired hundreds of thousands of people across the world.

In 1974 he introduced Transmission Meditation – a new group meditation, which is both a means of personal development and a form of service to the world. He began his public work in 1975 and lectured worldwide from 1979 onwards, only finally stopping at the age of 90.

Benjamin Creme also gave many years of his time to personal assistance with answering questions, and assisting those who were sick with his master's healing list, where many stories of healings, miraculous events and phenomena have been noted. He has been referred to as a great disciple - a modern day John the Baptist.

Fortunately, for those who have not yet had the opportunity to hear him speak or read the information he produced, Benjamin Creme has left a legacy of 16 books, various lectures on DVD and CD's and thousands of articles in Share International Magazine. Information is also available through the Share International Website at www.share-international.org.

His was an extraordinary life dedicated to service. He brought hope to the millions who heard his story...where with the guidance of the World Teacher and the Masters of Wisdom we will transform the world by creating justice and peace through sharing.

A TRIBUTE TO BENJAMIN CREME: A MESSENGER OF HOPE CONT.....

(Pictures are of Benjamin Creme being overshadowed by Maitreya at the many lectures given across the globe)

TILLY CHAMALAUN

"Tilly Chamaloun , a long time Transmission Meditation member and part of the early group to help bring Benjamin Creme over to Australia, sadly passed away on 2-9-2016. Tilly had a Transmission Meditation group at her home for over 25 years, and was a great supporter of the Reappearance story .She was at many of the talks, and participated with Lynne and Antonio at the Cosmic Pages Book shop where we presented the Emergence story. Tilly was loved very much and will be missed by all who knew her".....Antonio Palena

Co-workers left to right.....Clary, Tilly, Antonio, Lisa, Valter

Share International Australia would like to acknowledge the passing of Tilly. She has been a dedicated worker for the Plan of Evolution according to Maitreya and the Masters. Tilly has been instrumental in forming and sustaining one of the earliest Transmission Meditation groups in South Australia. She has been a practical worker who has shared and spread information about the emergence in every way she was able to. Some examples are:

Being a key player in organizing Ben's trips to Australia

Planning and implementing garage sales to raise funds

Running a weekly Transmission Meditation group since Ben's first visit to Australia

Assisted in the planning, organizing, and running of talks and workshops

Attended self development groups of an esoteric nature to further her own awareness, skills and knowledge

supported the monthly group by helping with setting up and sharing the extensive readings and knowledge she developed through her diligent commitment to the Masters and the Plan.

Tilly has always been a joyous, caring, compassionate, and wise woman, whose dedication will be dearly missed. We wish love and peace on her journey towards her next incarnation.

SOUTH AUSTRALIA

On the 20th August 2016 Antonio conducted a workshop and talk titled "Return of the Masters". There was a great turn out with approximately 55 people in attendance. The audience were very engaged in the information on the Masters. Antonio also introduced Transmission Meditation after a short break with approximately 30 people staying for the meditation. There were quite a large number of Benjamin Creme's books sold at the event.

MELBOURNE

Antonio conducted a talk/workshop on the Return of the Masters at the Bendigo Library on the 26th November . Numbers were smaller than our other workshops, however there was still great interest in the discussions and the Transmission Meditation that were held after the talk.

SYDNEY

On the 14th August 2016 Antonio gave a talk at Byron Bay Community Centre titled ' UFOs & Angels a New Age Dawns" . Once again there was a good turn out with approximately 60 people attending. There was great interest in the free information brochures and many questions were asked regarding a variety of topics related to the information.

Antonio followed the talk with a Transmission Meditation workshop held on the 15th August with approximately 12 people attending and two people being very keen to start additional Transmission Meditation Groups. Thanks to

Antonio for his commitment, time and energy travelling at his own expense and time to conduct these sessions.

PERTH

Murray gave a talk at the Theosophical Society on the Reappearance story. The talk went extremely well with lots of interest. Thanks Murray for taking the initiative to conduct the session.If you feel like you may be able to give a short talk about any aspect of the information then please contact Antonio.

Anti war demonstration Adelaide

An anti war demonstration was held in Adelaide. There was a great turn out. The power of people's voices is what will instigate the changes required to create a better world for all.

When Maitreya first announces His plans and hopes for the rehabilitation of the world, His energy of Love – the Sword of Cleavage – will further delineate the divisions which now exist. Men will take sides – for or against the new principles that He will present for the betterment of all. Thus will it be. Thus will a period of discord and discontent precede the acceptance of the new. Gradually, however, even the least sanguine will acknowledge the need for a reconstructed world and add their weight to the task.

There will begin a time unlike aught seen before on Earth. On every hand and at every level the changes will pursue their logical course, cementing in law and principle and form the aspirations of all. Thus will men regain a hold on their destiny and turn away for ever from the abyss. (Benjamin Creme's Master, from 'Coping with change')

At marches and demonstrations, where the people call for justice, peace and sanity, Maitreya may be found in one or other guise, playing the part of the people and speaking in their name. His energy of love pervades these gatherings of the just and inspires them to further effort. His strength becomes theirs and they feel undaunted and sure. In this way, the Lord of Love is turning the tide of hate, is potentizing the ardour of millions, and is finding that the people everywhere are aware of their destiny and are seeking the means to implement their heart-felt desires. (Benjamin Creme's Master, from 'The ending of bondage')

SPRING FESTIVALS

It is once again that time of the year to prepare for the enormous energies released at the time of the three major spring Full Moon Festivals.

Many Transmission Meditation groups will celebrate the three Spring Festivals by holding 12-hour and 24-hour Transmission Meditations. At the time of the Spring Full Moons the spiritual energies are at their most powerful, due to the sun-moon-earth alignment and the potency of these ancient festivals, which provide a unique opportunity for spiritual service.

"The Three Spring Festivals provide a unique opportunity for groups around the world to establish together a potent rhythm. Throughout 24 hours, Hierarchy can link all working groups together into the global network of light which They are constantly creating and potentizing. There is also a powerful psychological factor involved, namely the added stimulus to aspiration and service which the celebration of these Festivals promotes." (Benjamin Creme, "Maitreya's Mission", Vol. III)

Spring Festivals (8:00pm - 8:00pm):

- 1). Easter Festival (Aries): Friday, April 14 - Saturday, April 15, 2017
- 2). Wesak Festival (Taurus): Friday, May 12 - Saturday, May 13, 2017
- 3). Festival of the Christ (Gemini): Friday, June 09 - Saturday, June 10, 2017

Exact Full Moon times:

- 1). Aries Full Moon - April 10, 2017, 11:08 pm PDT; (April 11) 2:08 am EDT; (April 11) 6:08 am GMT
- 2). Taurus Full Moon - May 10, 2017, 2:42 pm PDT; 5:42 pm EDT; 9:42 pm GMT
- 3). Gemini Full Moon - June 09, 2017, 6:10 am PDT; 9:10 am EDT; 1:10 pm GMT

Blessings by Maitreya during the Spring Festivals

There will be a Blessing from Maitreya at 3:00 pm (your local time) on:

- 1). Sunday, April 16, 2017
- 2). Sunday, May 14, 2017
- 3). Sunday, June 11, 2017

For the Blessing, hold your attention on the Crown Chakra -- the center at the top of the head -- (this is the only time that the attention should be placed on this center) and sit in silent meditation while the energies flow.

Easter Festival (Aries)

Friday, April 14 - Saturday, April 15, 2017

The first festival of spring marks a process of rebirth and revitalization. It is celebrated at the full moon in Aries, after the vernal equinox, and usually occurs in April. In the Christian tradition, it is called Easter, the festival of resurrection. It celebrates the risen Christ, but resurrection implies more than the one-time arising from the grave of the physical body. In each minute of each hour, we have the possibility to be born anew, to let go of the past and move on. When old patterns of thought and emotion are discarded, when old habits and beliefs are outgrown and set aside, we are free to meet every new situation unconditionally. Higher energies rush in to fill the place of expectancy that we have created, and the inner light expands. We open to life more abundant and are made new.

The Wesak Festival (Taurus)

Friday, May 12 - Saturday, May 13, 2017

The festival of Wesak occurs at the time of the full moon in Taurus, usually in May. In the East, it commemorates the enlightenment of the Buddha and is widely celebrated. Wesak marks the high-point in the spiritual year, for it is said that at this time each year, the Buddha returns to the physical plane for a brief moment, bringing an inflow of life and spiritual stimulation to vitalize all of humanity. Thousands of pilgrims gather every year in a remote valley in the Himalayas to re-enact an ancient sacred ceremony based on the legend of Wesak, which has to do with the sharing of the waters of life.

SPRING FESTIVALS continued.....

Festival of the Christ/The Festival of Goodwill (Gemini)

Friday, June 09 - Saturday, June 10, 2017

This will be the Festival of the spirit of humanity aspiring towards God, seeking conformity with the will of God and dedicated to the expression of right human relations. This will be fixed annually in relation to the Full Moon of June. It will be a day whereon the spiritual and divine nature of mankind will be recognised. On this Festival for two thousand years the Christ has represented humanity and has stood before the Hierarchy and in the sight of Shamballa as the God-Man, the Leader of His people, and "the Eldest in a great family of brothers" (Romans VIII: 29). Each year at that time He has preached the last sermon of the Buddha, before the assembled Hierarchy. This will, therefore, be a festival of deep invocation and appeal, of a basic aspiration towards fellowship, of human and spiritual unity, and will represent the effect in the human consciousness of the work of the Buddha and of the Christ. (The Reappearance of the Christ, pp. 154~157)

Also, you may be interested in a series of questions and answers that appeared in Share International concerning doing Transmission Meditation while receiving Maitreya's Blessings. The questions were:

During the three major Festivals when Maitreya gives a Blessing, if a group is performing Transmission Meditation at the time of the Blessing:

(1). will they miss out on the Blessing if the focus is maintained at the Ajna centre?

Answer: **No**

(2). if they change their focus part away through the meditation from the Ajna to the crown centre, will the effectual/service part of the Transmission cease?

Answer: **No**

(3). would the Master(s) involved during the Transmission process accommodate Maitreya's Blessing as part of the Transmission?

Answer: **Yes**

(4). would Maitreya conduct the Blessing as a Transmission similar to what happens during the overshadowing of yourself?

Answer: **No**

(5). during the Blessing is it purely the "Christ Principle," the energy of consciousness itself, that is released through the recipient?

Answer: **No, many energies.**

THE GREAT INVOCATION

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men-
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

Transmission Meditation

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.

HEALING WATERS

How does healing work?

To summarize: in the etheric body - the body of finer-than-solid but still physical matter, there is a group of chakras or energy centres, including seven major ones in the spine through which our energies flow. The energy that we receive comes from cosmos, the solar system, our own planet and our soul, entering the system we call "ourselves". If the chakras are working in a balanced way we get equilibrium in the energetic system. If from wrong use of soul energy (the major factor in dis-ease) we have produced a stasis, or dislocation of the flow, some of the chakras will not be functioning as they should. This results in an imbalance in the energy streaming through the body.

Related to the chakras is our endocrine system, the glands in the physical body. The health of the glands depends entirely on the correct flow of energy in the etheric body through the chakras, while the health of the physical body depends on the correct functioning relationship between the glands.

The best way to produce correct health is (a) to treat the body with respect and (b) to use the energy of the soul in service. The soul knows only service, it wants only to serve, that is why it comes into incarnation. If a person meditates, for example, and brings in energy from the soul but does not use it in service, then one may get the problems of disease, neurosis, emotional imbalance and so on. We are souls in incarnation. The energy which galvanizes our life is coming from the soul. As we evolve we can come more and more into touch with the soul, but if we do not use the energy in the correct way we produce dis-ease, disequilibrium. Healing brings to bear a degree of higher or stronger energy, to create a balance. That might be total and permanent, or in many cases temporary.

Most people suffer and die from stress. You can imagine that when the resources of the world are shared, when there is no more war, when the world is living in harmony and peace, people will respond with greater relaxation and their health will improve.

The healthy lifestyle of humanity will gradually be lengthened with the use of the healing waters (777 of them) around the world and with the Technology of Light which will restore individual organs, all within the Karmic Law.....

Share International Australia

Newsletter - February 2017 issue

Maitreya goes all over the world creating healing waters. Since Maitreya's miraculous appearance in Nairobi, Kenya, on 11 June 1988, he has similarly appeared, in hundreds of cities worldwide, to groups from all religions, and has magnetized a local water source with powerful healing properties. These 'healing wells' will be found all over the world, and have already been discovered in Mexico, Germany and India, attracting thousands. Maitreya is 'energizing' water sources close to the places where he is appearing. This energizing, he explains, means that part of the physical atomic matter of the water is actually transformed into sub-atomic matter (or light). When weighed in a large quantity (a litre or more) these charged waters are lighter than ordinary ones by 4-8 percent. The Waters of Life - sources of practically inexhaustible water charged by the energy of Aquarius - strengthen the cellular structure of the body and act as a general tonic. It almost does not matter what the disease is: if your karma allows it the cure of amelioration will take place and on a wider margin of karma than would normally be the case.

There are other healing wells - for example at Lourdes . They have healing power but nothing to compare with the healing power of the Aquarian waters as these are charged by cosmic energy.....as the Aquarian Age proceeds the magnetization charge will gradually be increased in potency. These Aquarian healing waters will increase tremendously the quality of physical, emotional and mental health.

The most important thing is that a network is being created throughout the world, energetically linked together; a network of "the Waters of Life". These flow on the physical plane through these wells and water sources, on the emotional-astral planes, the mental planes and the spiritual planes, thus creating new life and new experience for humanity, inevitably bringing about tremendous changes in consciousness, and also curing the physical ills, strengthening the physical body, of humanity. Our bodies are weakened at the present time by pollution, a number one disease-producing factor. Pollution of the air, the waters and the soil is slowly poisoning humanity.

THERE WILL BE CHANGE ONLY WHEN WE END THE MISUSE OF THE RESOURCES OF THE PLANET, IMPLEMENT THE PRINCIPLE OF SHARING AND SO CREATE NEW BALANCE, EQUILIBRIUM, IN THE WORLD.

MAITREYA'S HEALING HAND

This handprint of Maitreya, manifested on a bathroom mirror in Barcelona, Spain is similar to the print on the Turin Shroud and three-dimensional in appearance. When you place your hand over it, or simply look at it (or a photocopy of it), you are in effect calling forth Maitreya's healing, blessing or help - whatever is possible within karmic law. Until he emerges fully and we see his face, this is the closest that Maitreya can come to us.

The Promise of the future

by the Master —, through Benjamin Creme, SI May 1992

Every so often, in response to human need, the door is opened which separates Hierarchy from mankind and, to a greater or lesser degree, certain teachings and information are released for the benefit of those who can make use of them. Now is such a time. For those with "eyes to see and ears to hear" these articles constitute one of the ways in which new information can be given at this time, the ancient truths remembered and a new light focused on the perennial values which underlie human evolution.

It has been My endeavour, over the years, to present to the readers of this magazine a picture of the life ahead, to inspire a happy and positive approach to that future and to equip them with the tools of knowledge to deal correctly with the problems which daily arise upon the way. From My vantage point of experience and insight, I have sought to act as "look-out" and guard, to warn of approaching danger, and to enable you, the reader, to act with courage and conviction in service to the Plan.

For many, this has not been a task performed in vain; many have found in My words both inspiration and guidance. Many await, avidly, their monthly libation of truth. Others read calmly, with a distant eye and even more distant mind and heart, while others again are baffled and know not what to think.

In recent articles I have concentrated on the emergence of Maitreya and of Ourselves, His Disciples. This is the central happening of this time, without precedent in untold millennia. The climax of this process is now being reached. Frequently, now, Maitreya appears before many hundreds to inform them of His Presence and to invoke their aid. Soon, these appearances will reach the ears of media and investigation will begin. That investigation will reveal the presence of an extraordinary man, endowed with unusual powers and offering unusual answers to men's problems and needs.

We stand on the threshold of a new era. Most people today can feel the winds of change which sweep across the world, pointers to the new time. Amid the chaos and the breakdown of old certainties and forms can be felt a new world waiting to be born. A better world. A safer, saner and a fairer world.

My task has been to keep these hopes and plans before you, to inspire your co-operation and active service, to guide your footsteps when they might have faltered, and to awaken in you the realization that you are not bereft and alone.

I am happy to be of this service; I welcome the opportunity to lighten your burden and to hold before you the golden promise of the future.

[This article from Share International magazine, December 2016, is by a senior member of the Hierarchy of Masters of Wisdom. His name, well-known in esoteric circles, is not yet being revealed. Benjamin Creme, a principal spokesman about the emergence of Maitreya, was in constant telepathic contact with this Master who dictated his article to him.]

Statement by Benjamin Creme's Master

On 5 October 2016, Benjamin Creme received, via mental telepathy, this special statement from his Master.

"The difficult times are all but over and people should await confidently the New Time, when Maitreya will demonstrate His high Being and all will acknowledge Him as the Master for this time."

We are together, you and I, for the same purpose. You, My friends, are here because in your hearts you love all men, feel responsible for the world, respond to human need and long to serve. That, likewise, is My Purpose today. I, too, feel the needs of man, the need of all men everywhere to live and work with dignity and trust. The need to serve conditions My existence. The Love of My heart draws Me to you. We are together therefore, you and I, to serve.

(Maitreya, from Message No.102)

I come to take you with Me into the New Country – the Country of Love, the Country of Trust, of Beauty and Freedom.

I shall take you there if you can follow Me, accept Me, let Me lead and guide. And, if this be so, together we shall build a New World: a world in which men can live without fear, without mistrust, without division; sharing together the Earth's bounty, knowing together the Bliss of Union with our Source.

All this can be yours. You have only to take the first steps and I may lead. Allow Me to help you. Allow Me to show you the way – forward, into a simpler life where no man lacks; where no two days are alike; where the Joy of Brotherhood manifests through all men.

(Maitreya, from Message No.3)
