

## Man's ultimate triumph

by the Master —, through Benjamin Creme, 11 October 2010

The future life for humanity will prove to be not only more just and less stressful, but infinitely more interesting than it is now for many millions of people. The work of reconstruction is so vast that, in that area alone, the creative powers of many will find endless stimulus. Later, as the preliminary teaching of a more esoteric nature is deemed desirable, the flood-gates will open wide and an extraordinary pent-up thirst for knowledge will manifest around the world. Men will be astonished by what there is to know, and will eagerly act to quench their thirst. An enormous educational programme will provide the required knowledge and understanding. The reality of Initiation as a prime factor in the evolutionary journey will inspire thousands to take in hand their own evolution, and so to undertake the necessary refinement of their vehicles. With some Masters working openly, an extraordinary stimulus will be given to this work and much will be accomplished in a relatively very short time. Nearly five million people already stand at the threshold of the first Initiation. Their number will be increased by many thousands before long.

Thus will the Mysteries of the Initiatory process inspire and galvanize humanity to place its steps solidly on the Path to Liberation.

Such a view, at this time, might seem far from the reality, even somewhat naive, but the outward presence of Maitreya and His group of Masters will have an amazing impact on the minds and hearts of literally millions of people in every country. These will now stand ready, their aspiration high and pure, for the creation of a new world, and for an entirely new view of what it means to be alive on planet Earth. Many of them, perhaps the majority, are young and relatively untarnished by the cynicism and unfettered greed of their elders. Thus they see clearly the answers to the problems which confound their fathers, blinded as they are by the faults and glammers of the past. These young people will remake this world for their fathers. They have come into incarnation for this purpose and will answer Maitreya's Call. They come, too, many of them, trained and prepared for the tasks which await them and which, undaunted, they will gladly perform.

Have no fear, the world is safe in these young hands. They await, eagerly, the opportunity to serve and save. Many, today see clearly the faults and weaknesses of men; few, indeed, can see the Divinity which gives Us, your Elder Brothers, the sure knowledge of man's ultimate triumph.

*The Master —, is a senior member of the Hierarchy of the Masters of Wisdom; his name, well-known in esoteric circles, is not yet being revealed for various reasons.*

Reprinted from **Share International** magazine, November 2010.

### about us

*Share International Australia is a network of volunteers who work with similar groups worldwide.*

*Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment; sharing of the world's resources; and adequate and appropriate food, housing, healthcare and education for all people.*

*We are not affiliated with any religious group; we respect the truth at the heart of – and common to – all spiritual traditions.*

*While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.*

*Anyone presently promoting him - or herself as Maitreya or the World Teacher is definitely not the same individual we refer to.*

## Transmission Meditation

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.

### The Great Invocation

From the point of Light within the Mind of God  
Let light stream forth into the minds of men.  
Let Light descend on Earth.

From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on  
Earth.

The Great Invocation is an ancient prayer, translated by Hierarchy into modern words. It was used by the Christ for the first time in 1945, at the same time as he announced his decision to emerge into physical contact with humanity. It was released by Him to humanity to enable man himself to invoke the energies which would change our world, and make possible the return of the Christ and Hierarchy. It has been translated into many languages and is used today in almost every country in the world.

The Great Invocation is used at the beginning of Transmission Meditation to invoke or call forth energy, which is then transmitted. It should be said aloud, with the attention focussed on the *ajna* centre between the eyebrows.

## Messages from Maitreya

Between September 1977 and June 1982, British author and lecturer Benjamin Creme received a series of [140 Messages from Maitreya](#), the World Teacher.

These Messages were given during Creme's public lectures in London via a process of mental overshadowing or spiritual telepathy, which is not related to mediumship or channelling.

Through these communications, Maitreya suggests the lines that social change must take, and evokes the desire to share and serve humanity. He also gives hints on how to recognize him and urges people to make known the fact of his presence.

### Message No. 10

November 8, 1977

I am among you once more, My dear friends.

I come to tell you that you will see Me very soon, each in his own way. Those who look for Me in terms of My Beloved Disciple, the Master Jesus, will find His qualities in Me.

Those who look for Me as a Teacher are nearer the mark, for that is what I am.

Those who search for signs will find them, but My method of manifestation is more simple.

Nothing separates you from Me, and soon many will realise this.

I am with you and in you.

I seek to express That which I am through you;  
for this I come.

Many will follow Me and see Me as their Guide.

Many will know Me not.

My aim is to enter into the life of all men and, through them, change that life.

Be ready to see Me soon.

Be ready to hear My words,  
to follow My thoughts,  
to heed My Plea.

I am the Stranger at the Gate.

I am the One Who knocks.

I am the One Who will not go away.

I am your Friend.

I am your Hope.

I am your Shield.

I am your Love.

I am All in All.

Take Me into yourselves, and let Me work through you.

Make Me part of yourselves, and show Me to the world.

Allow Me to manifest through you, and know God.

May the Divine Light and Love and Power of the One and Holy God be now manifest within your hearts and minds.

May this manifestation lead you to know that God dwells silently, now and forever, within you all.

## Books by Benjamin Creme

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

### Maitreya's Mission Volume I

3rd edition, March 1993 (419 pages)

First published in 1986, Maitreya's Mission Volume I continues the extraordinary story began in *The Reappearance of the Christ and the Masters of Wisdom*. It recounts further events in a story beyond comparison – the return to our world of the Christ, known as Maitreya, and His group of Spiritual Masters. As human consciousness steadily matures, many of the ancient 'mysteries' of the evolutionary journey are now being revealed. This volume can be seen as a guidebook for humanity as it takes its first steps into the spiritual life.

Maitreya's Mission Volume I includes much information on the story of Maitreya's emergence and on such subjects as the work and teachings of the Christ; life ahead in the New Age; evolution and initiation; meditation and service; healing and social transformation; externalization of the Masters; the Seven Rays. It also includes the ray structures and point of evolution of over 600 initiates in history.

### Maitreya's Mission Volume II

September 1993 (753 pages)

This inspiring book offers new hope and guidance to a suffering world on the threshold of a golden age. It presents the teachings of Maitreya – the Christ and World Teacher for this age – on both outer (worldly) and inner (spiritual) levels, His uniquely accurate forecasts of world events, and His miraculous appearances to people throughout the world. It also contains a series of interviews with the Master of Wisdom whom author Benjamin Creme has been associated for more than 40 years. These interviews throw new light on some of the greatest problems facing humanity. More insightful information is offered on such diverse topics as the growth of consciousness, psychology, nuclear weapons, the environment, AIDS, the stock market, and science and technology in the New Age. Transcripts of Creme's lectures on *"The Overcoming of Fear"* and *"The Call to Service"* offer valuable guidance for those who tread the spiritual path.

This book offers unique information on such subjects as meditation, growth of consciousness, psychology, health, the environment, world service, and science and technology in the New Age.

The process of Maitreya's public emergence is updated and phenomena such as crop circles, crosses of light, visions of the Madonna, healing wells and UFOs are explained.

(continued on next page)

## Books by Benjamin Creme (continued from previous page)

### Maitreya's Mission Volume III

July 1997 (704 pages)

In the third volume of Maitreya's Mission, Benjamin Creme covers topics both profound and practical, ranging from mankind's origin to the principle of sharing as the first step toward global peace; from meditation and service to the technology of light; from reincarnation and karma to a pollution-free environment. A section on miracles explains the source and purpose of weeping Madonnas, crosses of light, healing waters, 'milk-drinking' statues, crop circles and more.

Benjamin Creme's message holds a unique place in today's world. It offers a practical application of the ancient wisdom underlying all faiths. It provides the blueprint for a society that offers the basic necessities of life to all. It is the assurance of a hard-won but glorious future for humanity.

Visualize, if you can, a world of peace with cities restored to great beauty, where the necessities of life are guaranteed to all people.

Imagine a civilization where the Science of Light will bring new modes of travel and architecture, new sources of energy, a restored healthy environment, and advanced medical marvels.

Take a peek at education in the future, how we will use increased leisure time, and a renaissance of art and creativity greater than the world has ever known. It may sound like science fiction but it presents – in interviews with a Master of Wisdom – Maitreya's priorities in the coming time and some of the challenges of the 21st century through which he will guide us.

As in the previous two volumes there is invaluable wisdom concerning a vast range of topics, some familiar to us from the first books but now expanded upon, and other totally new subjects such as the proper understanding of time, the elimination of the fear of death, service and the soul, and what's behind the proliferation of miracles throughout the world. It also includes a complete compilation of the initiates and their ray structures as given in *Share International* magazine.

*Benjamin Creme's books are available from us — see details on last page.*

### Share International magazine

*Share International magazine brings together two major directions of contemporary thought — the political and the spiritual. It shows the synthesis underlying the political, social, economic and spiritual changes now occurring on a worldwide scale and seeks to stimulate practical action to rebuild our world along more just and compassionate lines.*

*The magazine covers news, events, and comments bearing on the priorities of Maitreya, the World Teacher: an adequate supply of the right food; appropriate housing for all; health care and education as universal rights; and the maintenance of ecological balance in the world.*

*Share International magazine is published monthly, except bimonthly in January/February and July/August of each year.*

*The cost of the subscription is kept as low as possible, and the magazine is not subsidised by advertisements. The magazine is inspiring and informative and we encourage you to subscribe.*

**See subscription information on last page.**

## Local News

### New South Wales

#### Sydney MindBodySpirit Festival, 4 – 7 November

Overall, the event was very successful. Half a dozen co-workers took turns to man the stand over the four days. The response from the public was varied – some were more interested in conveying their beliefs, some were merely curious and others responded with overwhelming enthusiasm. A large amount of literature was given out, including brochures, booklets, and even fridge magnets reading "Sharing will save the world!".

MindBodySpirit stand, Sydney, November 2010

### South Australia

#### UFOs and their Spiritual Mission — public talks

The talk on 6 November attracted 29 people, more than expected and seating was short. I would be lying if I said I wasn't nervous at the beginning, but when I asked, "Who believes that UFOs are real?" everyone raised their hand, so that certainly made my task a lot easier. The interest was encouraging, and two of those present attended the open day meditation the following evening, so it was worth the effort. Tilly, a dear co-worker gave me some help on certain points of interest, which was greatly appreciated.

Pasquo Cassetta's public talk and audio-visual presentation on 17 November attracted approximately 35 people, and the feedback seemed very encouraging, with some people indicating that they would also be attending the open day meditation. The connection between the Masters of Wisdom tied in well with the Space Brothers' spiritual mission, and the Service aspect and its benefits to the world was explained. Some amazing photos of crop circles were shown. There was a short Transmission Meditation. Thank you to all co-workers who are putting this information into the public arena. –With Gratitude, Antonio Palena.

### Western Australia

In Perth the local group has been successful in getting the book, 'Transmission Meditation' into the seven major district libraries as well as the Theosophical Society. We are intending to follow up with another title in the New Year. One of the group understands the local library system and knows the procedures, and with the support of other group members we are hoping for further success in making books available.
