

The needs of men

by the Master —, through Benjamin Creme, 13 November 2010

When Men take stock of their present situation they can come to but one conclusion: the methods of even the recent past not longer work. On all sides, but particularly in the financial and economic sector, there is continuous and growing chaos. 'Experts' are summoned to aid the floundering governments regain some control but to no avail; the old, tried methods refuse to obey the wills of their chancellors, however experienced they might be.

What are they, the governments of the world, to do? What *can* they do? They can continue for a time manipulating the old structures, hoping that things will 'settle down', and the old patterns survive. This is, indeed, a forlorn hope. Generally speaking, the governments of most countries see their role as protectors and upholders of the 'status quo', that false idea that life is static and, therefore, all change is rebellion and undesirable.

This attitude is true of most governments, whether of the 'right' or the 'left', capitalistic or socialistic. In either case they fail to recognize the yearnings of their peoples for change, for a new concept of living, one that ensures their ability to raise their families in peace, security and well-being. The failure of governments is precisely their failure to see that their true role is to look after the well-being of their people. Lost as they are in competition and the following of 'market forces', they have lost touch, for the most part, with the needs of those whom they claim to represent. The glammers of power and authority overcome, as often as not, their desire to serve.

Divorced from the real needs of the people, they fall back on ideology and theory. Even so, they are not entirely to be blamed. They know nothing of the forces with which they try to contend. Ignorant as they are, they fall easy prey to the destructive forces of the past.

The people, meanwhile, suffer and wait and pray, unaware, for the most part, that the help for which they pray is even now among them, ready and eager to aid their suffering and to ease their lot. The people know the true nature of their need but require a strong and fearless representative to give it voice. Already present, that representative, Maitreya, is working quietly to influence the direction which events will take. Soon, that voice will strike a stronger note, and many will be ready to respond. Thus the Plan works out its beneficent purpose to secure the future for all men

The Master —, is a senior member of the Hierarchy of the Masters of Wisdom; his name, well-known in esoteric circles, is not yet being revealed for various reasons.

Reprinted from **Share International** magazine, December 2010.

about us

Share International Australia is a network of volunteers who work with similar groups worldwide.

Our purpose is to make known information about the emergence of the Spiritual Hierarchy and their concerns. These include realization by humanity of our divine nature; a world at peace; restoration of the environment; sharing of the world's resources; and adequate and appropriate food, housing, healthcare and education for all people.

We are not affiliated with any religious group; we respect the truth at the heart of – and common to – all spiritual traditions.

While the name Maitreya is used by others, their understanding of the World Teacher may not correspond to that presented by Share International.

Anyone presently promoting him - or herself as Maitreya or the World Teacher is definitely not the same individual we refer to.

Transmission Meditation

Transmission Meditation is a group service activity which 'steps down' the great spiritual energies that continually stream into our planet. During transmission, the Masters of Wisdom direct these energies from the spiritual planes through the energy centres (chakras) of the group members in a highly scientific manner. This process, which makes the energies more useful to humanity and the other kingdoms in nature, is similar to that of electrical transformers, which step down the power between electrical generators and households.

Transmission Meditation is safe, scientific, non-denominational, and extremely potent. It will not interfere with any other religious or spiritual practice. In fact it will enhance your personal meditation and any other service activities in which you may be engaged. No special expertise in meditation is required in order to transmit energy.

There are more than 600 Transmission groups in 40 countries worldwide meeting on a regular basis.

The Great Invocation

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on
Earth.

The Great Invocation is an ancient prayer, translated by Hierarchy into modern words. It was used by the Christ for the first time in 1945, at the same time as he announced his decision to emerge into physical contact with humanity. It was released by Him to humanity to enable man himself to invoke the energies which would change our world, and make possible the return of the Christ and Hierarchy. It has been translated into many languages and is used today in almost every country in the world.

The Great Invocation is used at the beginning of Transmission Meditation to invoke or call forth energy, which is then transmitted. It should be said aloud, with the attention focussed on the *ajna* centre between the eyebrows.

Messages from Maitreya

Between September 1977 and June 1982, British author and lecturer Benjamin Creme received a series of [140 Messages from Maitreya](#), the World Teacher.

These Messages were given during Creme's public lectures in London via a process of mental overshadowing or spiritual telepathy, which is not related to mediumship or channelling.

Through these communications, Maitreya suggests the lines that social change must take, and evokes the desire to share and serve humanity. He also gives hints on how to recognize him and urges people to make known the fact of his presence.

Message No. 11

January 5, 1978

My dear friends, I am happy to be with you once more.

My plan is that My Teaching should precede My Presence and prepare My way.

My people will release it through their groups and group endeavour. When mankind is somewhat prepared, My voice shall be heard.

Meanwhile, My efforts are bearing fruit, producing change, drawing together men and nations, and bringing new hope to the world.

I am emerging soon, but first I would point the way into the new direction which man, if he would survive, must take.

Firstly, men must see themselves as brothers, sons of the One Father. This is essential if they would progress one step nearer the Godhead. Throughout the world there are men, women and little children who have not even the essentials to stay alive; they crowd the cities of many of the poorest countries in the world.

This crime fills Me with shame.

My brothers, how can you watch these people die before your eyes and call yourselves men?

My plan is to save these, My little ones, from certain starvation and needless death.

My plan is to show you that the way out of your problems is to listen again to the true voice of God within your hearts, to share the produce of this most bountiful of worlds among your brothers and sisters everywhere.

I need your help, I call on you to aid Me in My Task.

How can I stand aside and watch this slaughter, watch My little ones die? No, My friends, this cannot be.

Therefore I am come quickly among you once more, to show you the way, point the Path.

But the success of My Mission depends on you: you must make the choice — whether you share and learn to live peacefully as true men, or perish utterly.

My heart tells Me your answer, your choice, and is glad.

May the Divine Light and Love and Power of the One Most Holy God fall now upon your hearts and minds.

May this Light, Love and Power lead you to seek That which dwells in silence within you.

Find That and know that you are Gods.

Books by Benjamin Creme

Since 1980, Benjamin Creme has published 15 inspiring and provocative books, painting an ever more detailed picture of humanity's destiny, both worldly and spiritually. "We are talking about nothing less than the total transformation of every aspect of our lives", he says. Each book covers a vast range of topics: from meditation and the growth of consciousness to political and economic change; from initiation and group work to ecology and world service. Compelling explanations are offered for the ever-increasing 'miraculous' or unexplained phenomena such as weeping Madonnas, crosses of light, healing waters, crop circles and UFOs.

The Art of Co-operation

June 2002 (256 pages)

The Art of Co-operation deals with the most pressing problems of our times, and their solutions, from the point of view of the Ageless Wisdom Teachings. It looks at a world locked in ancient competition, trying to solve its problems by old and worn-out methods, while the answer — co-operation — lies in our own hands. The book shows the way to a world of justice, freedom and peace through a growing appreciation of the unity underlying all life.

Creme emphasizes that co-operation among people and nations is not optional if we choose to survive. It is the very foundation upon which a brilliant new civilization can be built.

Part One, 'The Art of Co-operation' discusses at length the opposing ways of approaching and dealing with life: co-operating or competing. It traces the origins of the competitive spirit and shows its gradual replacement by co-operation as humanity advances. Many of the problems of the modern world are seen in this context, and co-operation is shown as the way, in line with our soul's intent, to solve them.

"The world is divided into two groups: those who are holding on to the old greedy and selfish nationalistic systems and who thus represent the reactionary forces of the world; and those who are opening to the new incoming energies of Aquarius, and who are looking for a way of brotherhood and co-operation, a realization of the interdependence that results from the fact that we are one humanity. "

Part Two, 'The Problem of Glamour' tackles the ever-present problem of glamour, the illusion or psychological 'fog' that hides the truth of reality from most of humanity and causes the pain and suffering of the world. Under the impact of new and powerful energies, these glammers are now focused as never before, leading eventually to a great leap forward in human evolution as we free ourselves from their age-old grip.

"Of all the problems which beset humanity there is none greater than the problem of glamour. It provides the basis for all our difficulties and dangers, and holds the vast majority of humanity in thrall. It is at the root of every division and cleavage and the source of every dimension of pain and suffering. It has its roots in the ancient past of mankind and all but a very few are held under its sway" (the Master —).

Part Three, 'Unity' presents the idea of unity from an entirely new standpoint: as the fundamental state which all of us, knowingly or not, are seeking, since it reflects the identity and inter-relation of all atoms in cosmos. Co-operation is seen as an aspect of unity, and essential for its creation. Co-operation and unity are shown as soul qualities, more and more in evidence as humanity grasps the reality of life; and as prerequisites for solving the many problems facing us today. With the teaching and example of Maitreya and His group of Masters to inspire us, we are left in no doubt that we shall overcome these problems and continue joyfully on our journey of evolution.

Benjamin Creme's books are available from us — see details on last page.

► [View on Youtube](#)

These sightings were reported in *Share International* magazine, December 2010.

Mysterious 'missile' over Southern California

The contrail of what appeared to be a missile streaking into the California sunset was captured on video by a news helicopter flying above Los Angeles at around 5pm on 8 November 2010.

The crew aboard the helicopter estimated the contrail was approximately 35 miles west out to sea, north of Catalina Island.

There has been much speculation that the mysterious contrail may have been caused by a missile, a plane or an optical illusion of a plane's contrails. Defense Department officials said that though there is nothing conclusive, it appears that a plane may have caused the mysterious contrail. A Defense official said the Pentagon has determined there were no scheduled or inadvertent missile launches off the California coast that night and that U.S. Northern Command has confirmed that there was no foreign military launch off the coast. (Source: US ABC News)

Benjamin Creme's Master confirms that it was a spacecraft from Mars which was launched from underwater.

Christmas Blessing by Maitreya

There will be a Christmas Blessing again this year on Christmas Day, December 25, at 3:00pm, local time. That is, the Blessing will begin at 3:00pm local time, wherever you are.

For the Blessing, hold your attention on the *Crown Chakra* — the centre at the top of the head — (this is the only time that the attention should be placed on this centre) and sit in silent meditation while the energies flow.

According to the Master DK, "...we begin a period of time in the year which initiates the countdown to the Spring Full Moon Festivals. From this time forward to the Spring Festivals, the Masters begin to develop and hold an internal tension which is then released at Festival time, and disciples are encouraged to do the same in cooperation with the Hierarchy, to the best of their abilities."

Local News

I would like to take this opportunity to wish everyone a great Festive Season and to thank all co-workers for their efforts in letting others know about the Reappearance and Transmission Meditation. It certainly has been an amazing year.

I know that 2011 will be even more special, as we draw nearer to the Day of Declaration.

I would like to extend a special thankyou to Geoff who has meticulously put each newsletter together, and to say what a brilliant job he has done.

In last month's newsletter, the Master's article talks about a transformation which would be beyond recognition if one were to visit Earth in twenty years' time. On a personal level, this, more than anything, inspires and motivates me to do more.

Service is our gift to each other — to quote the incredible Sai Baba, "Love all, serve all".

In 2011 let us serve together to lay the foundations for the coming time of peace and love.

– With Great Love And Gratitude, Antonio Palena.

Four of Benjamin Creme's books have been donated to a local library in Canberra.

Newsletter

The aim of the newsletter is primarily to share information on the activities of Australian co-workers with other co-workers, our subscribers and the general public. This issue marks the end of the first year of this incarnation of the newsletter, so it is a good time to have a look at how it's been going and how we might move forward next year. Any feedback you might have on this would be welcome, as would any thoughts on our outreach work in general. There will be no newsletter in January.

– With best wishes, Geoff.

To avoid notifications being blocked as spam, you may need to add this address to your 'Safe Senders' or 'Contacts' list.

What is reality?

At a small gathering of co-workers in New York in July 2010 Benjamin Creme was asked: "What is reality really like when you know it?" This was his reply:

"The reality is, what we think is life is completely different from what it is really like, and all of us have the option of opting for this or that aspect of reality. There are several realities: that which takes us forward, that which leaves us as we are, and that which leaves us behind. And we have this choice. It is nothing to do with answering questions — questions do not arise. It is divinity. It is how divine you want to be.

How much of your divinity do you want to show, to express? Because there is nothing else. There is nothing else but this divinity to show! That is reality. You have it in your power. Everybody has it in their power to show what they are, the divinity they are. We are all part of that.

Maitreya would like you to know this to be the truth. It is really very, very simple. Everybody knows already that this is the truth. They just do not allow themselves the privilege of believing it."

– Benjamin Creme, 22 July 2010 New York City, USA
